

# Experiment 12

## CSCI-230 Web Scripting

### Fall 2024

---

#### Part I

Inside the **experiments** directory in your repository create a *subdirectory* named **e12**.

Inside the **e12** directory create 12.html, 12.css, and 12.js.

In **csci230/index.html** add a link to **csci230/experiments/e12/12.html**.

---

#### Part II

Create a form with at a text input, a checkbox, and a set of radio buttons.

---

#### Part III

Add a button and a button handler so that when the user presses the button the data in the form is saved to an IndexedBD database.

---

#### Part IV

Display the contents of the database in a well structured list on the page.

---

#### Part V

Update the button handler so that after the database was updated, the list is updated.
